No Indication Received From Emperor Yet.

(By Associated Press.)
WASHINGTON, June 6.—Pending the decision of the czar regarding war or peace in the far East, the President and the European ambassadors with whom he is daily conferring have agreed that silence regarding their activities is necessary, and word to this effect has been passed along, lest Russia take offense and go contrary to what the neutral powers believe to be for her own advantage.

Count Cassini, the Russian ambassador, remains without advice from St. Petersburg that throw any light on the probable course of the czar. The ambassador has not yet received an acknowledgment of his long cablegram of last week regarding the conference with the President. It is expected that later on the Russian embassy here will be informed whether the result of the battle in the Sea of Japan has affected the determination of the St. Petersburg government to continue the war. Any information on this subject will be promptly placed before the President.

Peace talks will be temporarily supplanted in diplomatic circles to-day by comment upon the resignation of M. Delcasse. Commenting on this to-night, a European diplomat said:

"While M. Delcasse was at the head of the French foreign office, his intimacy with Lord Lansdowne gave to London and Paris a splendid opportunity for concerted action that would induce Russia and Japan to talk of peace. The retirement of M. Delcasse must necessarily have an effect upon the Anglo-French entente, as well as the French-Russian alliance. Not only was M. Delcasse largely responsible for the former, but he was generally recognized as the best friend Russia possessed in France. The radical party, which is now in power, is not as friendly to Russia as was Delcasse. Without Delcasse's assistance, Lord Lansdowne can hardly hope to accomplish much toward peace."

Regarding the attitude of Emperor William towards the war in the far East, the Associated Press is authorized to say that from the beginning of the war the Emperor has been anxious for peace. He, however, has refrained from advising either of the belligerents, believing that until one or the other of them should intimate a wish to conclude peace any intervention or offer of mediation would prove futile. The Emperor, however, has let his strong desire for peace be known.

AFRAID TO DISTURB ZEMSTVO CONGRESS

(By Associated Press.)

MOSCOW, June 6.—In spite of the official prohibition, a Russian Zemstvo Congress assembled here to-day, but the delegates met in private houses. About 280 delegates from various zemstvos and municipalities, including the mayors of 25 of the larger cities, arrived in Moscow yesterday to attend the congress. It is proposed to introduce resolutions of protest for the immediate cessation of hostilities. The order prohibiting the meeting, arrived at Moscow only late last night, and aroused the greatest indignation and resentment.

Seventy-two members of the Moscow Municipal Council have signed the following declaration:

"Our hearts are aching. Neither reason, equity nor sense of responsibility to the national conscience can admit that this most disastrous war, which is the cause of the greatest suffering and which are incomprehensible to this tortured country, should continue without the consent of the Russian people. The hour has arrived for the people to decide between war and a peaceful association in Russia and for Russia and for Russia to proceed to the reconstruction of the national edifice."

(By Associated Press.)
LONDON, June 6.—Under the title of Moscow, June 6, the Daily Telegraph's correspondent says:

"On the ground that forcible dispersal of the Zemstvo Congress would be extremely serious, the Governor-General has declared that he would assume the responsibility of permitting the meeting."

(By Associated Press.)
ST. PETERSBURG, June 7.—2:25 A. M.—Telegraphic and telephone communication with Moscow has been severed, and the report of the evening session of the all-Russian Zemstvo Congress had not been received yet to midnight. A rumor is current in St. Petersburg that the meeting was broken up by police and military, but this has not been confirmed. Dispatches to the Associated Press from Moscow show that the authorities did not interfere with the morning and afternoon sessions.

From all over Russia come reports that agitators, especially among the Socialists, are urging manifestations and a renewal of the strikes.

Emperor Nicholas, according to report, has returned the resignation of Interior Minister Boulgoin, having declined to accept it. M. Boulgoin tells his friends that with the power conferred on General Trepoval as Assistant Minister of the Interior, his position is absolutely untenable.

RUMORS OF DEATH OF CZAR DENIED

(By Associated Press.)

ST. PETERSBURG, June 6.—The rumor circulated on the Berlin Bourse of the assassination of Emperor Nicholas is groundless.

The stories of the attempt to assassinate the Emperor were telegraphed back from abroad and spread throughout the city. The Associated Press is assured by General Mueler, the czar's chamberlain, that absolutely nothing occurred at

SHIPS AT MANILA WILL BE INTERFERED

(By Associated Press.)

ST. PETERSBURG, June 6.—Russia has indignantly agreed to the interference of the Russian warships at Manila.

(By Associated Press.)
WASHINGTON, June 6.—The Russian embassy here has made inquiry of the State Department as to the intentions of this government respecting the Russian warships at Manila. Acting Secretary of State Loomis has replied by informing the embassy of the general nature of the instructions cable yesterday to Governor Wright and Admiral Tamm.

WILL SPEAK HERE.

Captain Willard to Appear at
Fairmount Saturday Night.

Lieutenant-Governor Joseph E. Willard will make his first speech for Governor in this vicinity at Fairmount on Saturday night.

This is in Henrico county, and a large number of voters cast their ballots in the precinct.

Mr. Swanson has already spoken in Fairmount. It is likely that Captain Willard will have a good crowd, as he has a number of friends in the department of military and naval affairs.

Colonel Catlett opened Captain Willard's headquarters at Murphy's yesterday, and a large number of Democrats from both in and out of the city called to pay their respects.

DISSOLUTION IS NOW INEVITABLE

Breach Between Norway and Sweden Rapidly Nearing Crisis.

(By Associated Press.)
COPENHAGEN, June 6.—The Christiania correspondent of the National Tidende says:

"It is the general opinion that a dissolution between Norway and Sweden is now inevitable, but that it cannot occur without removing or suspending the existing Norwegian legal power."

"Before the end of this week the Storting will have adopted resolutions which, from the instant they come in force, will mean the de facto de facto of the King."

"The Norwegians maintain that the King, by not revoking his veto given at Stockholm of the law for separate consular representation, and partly by his absence from Norway, has suspended his rights and duties as King of Norway."

"Under Article XIII of the Constitution, the Storting will install a responsible government, which, in the absence of the King, will govern in the King's name."

"Notifications of eventual changes in constitutional situations will probably be given to the powers by special mission."

WEAVER SHAKING DEPARTMENTS UP

Marrow Removed and Twenty-Five Policemen Summoned Before Board.

(By Associated Press.)
PHILADELPHIA, June 6.—Arthur R. H. Morrow, assistant director of the Department of Supplies, who was suspended during the gas lease fight, resigned today at the request of Mayor Weaver. Andrew P. Chalm, who was a clerk in the office of the receiver of taxes, and who was removed at the instance of Morrow for political reasons some time ago, was given Morrow's place. Another appointment announced was that of Frank E. Smith, assistant chief of the Bureau of Highways, who was promoted to the position of chief in place of William H. Brooks, who was removed yesterday.

The shake-up in the department has extended to the police force. To-day twenty-five policemen faced the police board of inquiry to answer various charges of dereliction of duty.

Mayor Weaver has sent to each of the banks and trust companies that are depositors of city funds a letter, in which he asks for information as to the amount of the city's money on deposit with them, the average balance of such money during the year, and whether larger interest is paid to other depositors.

A president of one of the institutions declared to-day that he would not give the Mayor the information asked by him concerning the interest allowed on deposits, as it was a matter entirely with the bank, and that the only person having a right to that information is the comptroller of the currency of the United States Treasury Department.

GOVERNMENT DREDGE STUCK FAST IN SAND

(By Associated Press.)
NEW YORK, June 6.—The steamer which grounded last night on a sand bar off Jones Inlet, near Freeport, L. I., and which was at first supposed to be a trans-Atlantic liner, was to-day found to be the steam dredge Cacus, of the United States Goddard Service. It was at first thought that the steamer was in no danger, and would soon be released, but a squall this afternoon drove her into the bar, listing her so badly that to-night she is embedded in ten feet of sand. Owing to the high sea, a wrecking tug which stood by the dredge all day was unable to render much assistance, and during the night was compelled to run out to sea. To-night there appeared to be little chance of getting the dredge off. She was to be assigned to work in the harbor of Pensacola, Fla.

SECRETARY HAY TO START HOME TO-DAY

(By Associated Press.)

He kept in close touch with the embassy, however, and the latter is doing all possible to secure respect for his desire to be quiet. The Secretary will sail for New York tomorrow on the White Star Line steamer Baltic.

Fondulac Flooded.
(By Associated Press.)
FONDULAC, WIS., June 6.—Fondulac is battling with the worst flood of its history and with threatening clouds overhead to-day and with more rain the whole city may be under water before another twenty-four hours. Nineteen thoroughfares are covered with water. The downtown basements and resident cellars are flooded. The damage so far is estimated to reach about \$100,000 in the city with possibly twice that amount in the country. St. Anne's Hospital and the convent are badly flooded.

Seven washouts are reported on the Wisconsin Central and five on the Chicago and Northwestern. The St. Paul road has not had a train in or out of this city since late last night. Two hotels in the flooded districts can no longer be reached by boat. Street car service from the city to the suburbs has been tied up and the Interurban line to Oakshoo is not running.

Country Under Water.

(By Associated Press.)
APPLETON, WIS., June 6.—The worst rain storms of years have swept this part of Wisconsin during the past two days. As a result, this entire country is to-day practically under water. Owing to numerous washouts no trains on either division of the Chicago and Northwestern Railway have arrived here from the South since yesterday.

Tidal Waves.

(By Associated Press.)
CHICAGO, June 6.—Shifting atmospheric conditions on Lake Michigan caused a succession of "tidal waves" today, two being recorded in Chicago. Each of the swells on the Chicago side of the lake rose to a height of three and one-half feet. They did no damage. The first wave remained stationary for thirty-five minutes. Later the water rose again to the same height, and did not recede for half an hour.

Heaviest On Record.

(By Associated Press.)
MICHIGAN CITY, IND., June 6.—A tidal wave four feet high swept in from Lake Michigan to-day washing the top off docks for one-fourth of a mile from the harbor entrance. The wave was the heaviest on record here.

Above Danger Line.

(By Associated Press.)
LACROSSE, WIS., June 6.—The United States Weather Bureau here received official notice that the Chippewa River at Chippewa Falls is now two and a half feet above the danger line. The sudden rise was due to the arrival of floods from the North and to the recent rains.

Rivers Rapidly Rising.

(By Associated Press.)
MILWAUKEE, WIS., June 6.—Specials from Manitowish, Barron, Chilton, Sheboygan Falls, Janesville and other points in Wisconsin, report damages to property and more or less delay to railway traffic owing to heavy rains and to rapidly rising rivers.

Stock and Crops Lost.

(By Associated Press.)
MEMPHIS, TENN., June 6.—The heaviest rain in years has swollen the Tennessee River and tributaries to flood proportions. Much stock has been drowned and crops have sustained serious damage. Train service is crippled by washouts.

ment of Justice that the prisoners would have fifteen days from the date of Judge Lafontane's decision in which to apply for a writ of habeas corpus. This proceeding, if taken, would come before another judge, who would have the power to discharge the prisoners or to return them for surrender. In which case they will be surrendered within two months from the date of such recommendation.

There is said to be one case in the Province of Quebec, in which it was decided by the Court of Appeals that if the habeas corpus judge should recommend for surrender the prisoners are still entitled to make application in the nature of an appeal to the full Court of Appeal. The government will have to face this decision as a precedent.

CROP CONDITIONS.

(By Associated Press.)
WASHINGTON, D. C., June 6.—Crop conditions of cotton and tobacco are summarized as follows in the weekly bulletin issued by the Weather Bureau: General improvement in the condition of cotton is predicted. With the exception of Southern Texas and portions of the Gulf, South Atlantic States, where heavy rains have fallen, the weather has afforded opportunity for much needed cultivation, which has been actively carried on throughout a large part of the crop is still in grass, with sufficient labor. Cool nights over the Northern portion of the central districts have

checked the advance of cotton, but, as a whole, growth has been satisfactory, especially in the Eastern districts. Some planting remains unfinished in portions of Arkansas, Louisiana, and Texas.

Good progress with tobacco planting has been made in the Ohio Valley and Middle Atlantic States, where the outlook for this crop is promising, although cut worms are causing injury in Virginia and Kentucky.

DON'T LET A COMMERCIAL PIANO ENTER YOUR HOME

Now that we have warned piano buyers so persistently about the peril of the "just-as-good piano," we are prepared to hear that they no longer meet with it. We suspect they're encountering the "better than Moses" kind now.

That sounds "taking," but we hope you won't be taken by it. If you want a piano at all you want a good one. Don't pay out a lot of good money for a pretty case and a fancy name.

There are any number of commercial bargain pianos going the rounds that haven't been with us long enough to have a name of their own, yet

some of them boast several. Ask your friends of the music world about any of our pianos—STEINWAY, WEBER, HARDMAN, KIMBALL, WHELOCK, ST ANDARD and HAINES.

Ask your friends who have had them in their homes. We have a long list of parties we have sold pianos, among them some you know probably. This list is at your service. The purchase of a piano involves the spending of more

money than for the ordinary household article. We want you to feel that in dealing with us you are certainly doing "the best you can."
